**Section 3: Segment 11**

**Topic 1. Authority: God's Means For Maintaining Peace**

- If you're a husband, what do you think about the truth that a follower of Jesus can't stay at the home of a man who doesn't maintain peace in it?

---

---

---

---

- How would you evaluate the overall level of peace in your home? Ask your family for their input.

---

---

---

---

- Ask your family for suggestions for how to improve the peace in your home. List what they share.

---

---

---

---

- Do you get upset if your husband doesn't agree with you about matters regarding your household? Yes or no? Ask your family for feedback.

---

---

---

---

- Are you running your household ragged by giving in to your kids' demands for too many activities or shopping expeditions?

---

---

---

---

• Describe your daily and weekly priorities with your family. What may be interfering with harmonious well-being — shalom — in your home?

---

---

---

---

• How are you teaching your children to serve others with a willing heart rather than giving in to the world's way of catering to them out of guilt?

---

---

---

---

• What ideas come to mind to bring about this character change of a servant's heart in THEM as well as you?
