**The Home**

**Section 3: Segment 13**

**Topic 1. God's Ways To Produce Biblical Character**

- When you get up each morning, do you make our Lord first in your day? How?

---

---

---

---

- Do you pray? Do you pray TOGETHER with those in your household?

---

---

---

---

- Do you get into the Bible for guidance and application? Do you get into the Bible for guidance and application TOGETHER with your family?

---

---

---

---

- At other times during the day, how do you fulfill your parental mandate from Deuteronomy, chapter 6, to impress upon your children a love for God and the ways in which He wants His people to live?

---

---

---

---

- Do you sit together during meals without the blare of television or slavishly answering the phone?

---

---

- 
- 
- Do you use times without distraction to get to know how your family is doing?

- 
- 
- 
- 
- Do you use these times together to share biblical insights to help them see how the Bible applies to their lives?

- 
- 
- 
- 
- At day's end, once again make it a family custom to "debrief". Make sure each one of you in the family has a clean slate with God before going to bed. How do YOU end each day, both individually and as a family?

- 
- 
- 
- 
- Are you on your knees in grateful thanksgiving to God? Are you on your knees together as a family in grateful thanksgiving to God?

- 
- 
- 
- 
- What adjustments will it take for YOU as a parent to give such character purposes as *responsible work attitude, proper deference, good manners, and developing healthy relationships* the same significance our Lord does?

- 
- 
- 
- 
- In your own home, how high a priority is character development, not only for your children but also for you as a parent?

---

---

---

---

- How has your character changed in the years you have followed Jesus?

---

---

---

---

- Describe some of the changes that repentance and sanctification have produced. And, ask others for feedback.

---

---

---
