Section 3: Segment 13

Topic 2. Godly Submission Is A Matter Of Choice

To fear God is to submit to the authorities He's established.

- Describe your own feelings toward your parents in regard to their discipline of you.

- Do you hold any ill regard toward your parents or other authorities because of how they dealt with you? Yes or no? If yes, describe the nature of what they did and how you responded then and now.

- Ask those who know you well if they see a submissive spirit in you. Ask them for specifics and write them down.

The Bible commands us to not speak evil about those in authority (Acts 23:5). Review the people who serve in authority over you.

- Do you speak disparagingly about any of them? Spouse? Boss? Faith community leader? Yes or no? If yes, in what manner do you do this, and with whom?

Remember that you're responsible to ask forgiveness from the people you've maligned. Whom do you need to seek out to ask forgiveness for speaking ill of them

or harboring resentment against them?
