Section 3: Segment 17

Topic 1. Don't Give Way To Fear!

If you're fearful to trust that Jesus can work in you and your husband, you're telling our Lord that His redemptive power to cleanse and to heal is ineffectual as far as your marriage is concerned.

- Is THAT what you really believe about Jesus? Are you willing to ask Him to work in YOU without demanding or expecting that He make changes in your husband first?

- Are you plagued by fear or worry about your husband, children, or anything else? Yes or no? List your concerns.

- You can cooperate willingly with the Holy Spirit, or you can choose to make your husband's life miserable by withholding affection or dragging your feet. The choice is yours, while the power to carry you through change with *peace and joy* is the Spirit's. If you choose to yield to our Father's will, He responds with grace. Which path do you purpose to follow? How will your choice affect your family's trust in Jesus?
