Section 3: Segment 18

Topic 1. Godly Generations Are Produced By Godly Parents

- Are you free from unconfessed sin right now? Explain your response.

- Are there “pet” sins that you still entertain?

- Are there any strongholds still influencing your soul — your mind, will, emotions?
Yes or No? If yes, what are they, and why haven't you demolished them?

- How Christ-like is your character as a follower of Jesus?

- If you're married, how Christ-like is your marriage?

- If you have children, what aspects of Christ-likeness are they acquiring from you and your spouse?

- In an earlier lesson we mentioned that what is tolerated in moderation by one generation is excused in excess by the next. Will you magnify the light of Jesus through your way of life, or will you deepen the darkness? Which do you think you're doing now?
